AVAILABLE SUMMER 2021

## Adding new looks to the vertical.

More choices mean more ways for you to freshen the look of your stairs. To our already extensive Espresso Collection we've added three new  $\frac{5}{8}$ " hollow round designs—one with a single acrylic orb, one with a sophisticated ornate detail, and one with an expanded center diameter. To the Contempo Collection, we've added a  $\frac{1}{2}$ " hollow square marquise center design that pairs well with our plain  $\frac{1}{2}$ " square baluster. All four designs are 44" in length and come powder coated with a low-sheen black finish.

# PANEL SYSTEMS

L.J. Smith Stair Systems  
AVAILABLE NOW | MADE IN THE USA

## Fresh elegance in minimal lines.

Modern décors are known for making a fresh statement with minimal elements. That is certainly the intent with our Panel System designed for stairways and level applications. Their welded look and powder coated, low-sheen, black finish perfectly complement an urban aesthetic. They come in preassembled panels for simplified installation. Options include panels for open tread, kneewall, and level runs. With five rake panel and seven level panel widths, this system can accommodate nearly every straight stair floor plan.
