AZEK® Decking

NEW WIDTHS BACKED BY THE INDUSTRY'S BEST WARRANTIES

Premium capped polymer decking, made without wood in the board or cap, provides unparalleled performance while boasting unrivaled design. AZEK Decking features Alloy Armour Technology® which protects against weather and UV damage. Plus, it's backed by our industry-leading Limited Lifetime Structural Warranty and a 50-Year Limited Fade & Stain Warranty — meaning homeowners never have to worry about cracks, splinters, mold, or moisture damage.

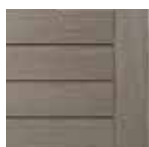

Vintage Collection®

RICH. SOPHISTICATED. STYLISH.

Capturing the beauty of nature, AZEK Decking boasts the most powerful design technology in the industry. Rich, complex, and highly variegated, this collection offers narrow, standard, and wide width boards that allow homeowners to tailor their outdoor living space to their tastes. Gorgeous board colors, dramatic highlights, and a low-gloss wire-brushed finish are sure to inspire.

The Vintage Collection meets the criteria of a Class A flame spread rating.

DARK HICKORY

CYPRESS®

Multi-Width Decking*
NARROW. STANDARD. WIDE.

Bring indoor flooring outdoors with NEW narrow width or think big with NEW wide width decking. If you're feeling adventurous, mix and match narrow, standard, and wide widths to make your inlaid design — or whole deck — pop. *Available in Vintage Collection Only

Arbor Collection®

ELEGANT. EARTHY. TRENDY.

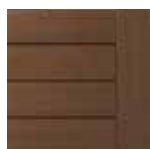

Tap into the essence of the outdoors with this carefully curated collection of colors. Featuring striking, exotic tones, these colors are moderately variegated to resemble rich woods. Each board showcases a slightly more pronounced wood grain pattern, similar to the intricacies found in nature.

PRO™ Decking

TECHNOLOGICALLY SUPERIOR BOARDS BACKED BY INDUSTRY-LEADING WARRANTIES

Superior, four-sided capped composite decking that offers elegant designs and complete surface protection from cracks, splinters, and moisture damage. Breaking industry-standards with a cap that contains no wood particles, the proprietary Mold Guard Technology™ in the cap hugs and protects all four sides of the board. All backed by an industry-leading 30-Year Limited Product Warranty and a 30-Year Limited Fade & Stain Warranty, these composite boards boast nuanced, natural colors and wood grain patterns that not only look like traditional wood but feel strong underfoot.

Legacy Collection

BOLD. DRAMATIC. UNIQUE.

Emulating nature, the Legacy Collection features the most complex, multi-color variegation with cascading colors — meaning no two boards are alike. Artisanal and infinitely variable, the hand-scraped wood grain texture and the complex colors found in nature intermingle to create a refined, earthy vibe.

EDGE™ Decking

ATTAINABLE PREMIUM CAPPED COMPOSITE DECKING WITH SUPERIOR LONGEVITY

A step up from traditional wood decking, EDGE™ Decking delivers the dynamic look of real wood with the longevity of technologically superior capped composite decking. Plus, for powerful surface protection, EDGE™ Decking features a cap that's made without wood particles, unlike competitors' composite products. Each board features a tight, straight wood grain texture and subtle, natural wood colors that never need sanding, staining, or sealing. Backed by a 25-Year Limited Warranty and a 25-Year Limited Fade & Stain Warranty, EDGE™ Decking gives homeowners the decking performance they crave, all at an attainable price.

Premier Collection

ALLURING. CLASSIC. ATTAINABLE.

Homeowners can dive into the world of capped composites with a full profile board that never cracks, splinters, or rots. This collection offers up advanced composite decking with superior longevity, quality, and beautifully sustained solid colors.

MARITIME GRAY™

DARK TEAK™

TIDAL SAND™

BEACHWOOD GRAY™

Prime Collection

CHARMING. DISTINCTIVE. ACCESSIBLE.

Help homeowners stay on trend and on budget with monochromatic, natural colors showcasing a tight, straight wood grain texture that never needs sanding, staining, or sealing. This collection satisfies homeowners who are looking to upgrade from the constant and costly maintenance of wood decks while maintaining the subtle touches that are found in nature.

BEFORE

TimberTech DeckCleaner™

TimberTech® Decking, Porch, and Railing products resist stains, signs of aging, and moisture damage like a champ — and like any all-star, needs help maintaining brilliance along the way. Just like cleaning fine jewelry, annual maintenance keeps cherished items looking brilliant.

TimberTech DeckCleaner is formulated, field tested, and approved for cleaning your AZEK®, PRO™, and EDGE™ Decking and TimberTech Composite Railing systems. It provides the best solution for seasonal cleanup, everyday spills, or stubborn spots.

Capped composite decking maintenance is made simple by using TimberTech DeckCleaner as instructed, and with the recommended brushes. This easy and annual act will not damage TimberTech products or affect the warranty. That's what we call a win-win!

AFTER

FEATURES & BENEFITS

- The No. 1 brand in premium decking brings you the best performing deck cleaning solution
- Removes dirt, mold, mildew, dust, pollen, and more
- Non-toxic, bleach-free, and bio-degradable
- Concentrated, so each gallon bottle can clean approximately 1,000 square feet of surface area when properly diluted
- Guaranteed to not damage TimberTech products, or affect the warranty, when used as directed on the recommended products
- For best results, use the recommended brushes. Using the incorrect brush or cloth can make cleaning more difficult or even damage the decking or rail surface
- Not intended for wood or traditional composite decking (non-capped)

AZEK® Porch

THE PERFECT PORCH FOR FIRST IMPRESSIONS

Made from the same high-performance materials as AZEK® Decking, AZEK® Porch boards create the perfect setting to greet guests. Plus, the Alloy Armour Technology® in the cap provides superior surface protection from weather and moisture damage. What makes AZEK Porch unique is its distinct tongue and groove design, allowing for a tighter fit as well as a clean fastener-free surface. Welcome visitors with arms wide open and NEW wide width porch boards — offering a broader vision in porch design.

Composite Rail Styles

CLASSIC STYLE AND PERFECT PERFORMANCE

From a classic Victorian style to a more traditional smooth profile, our line of classic rail products offers the perfect solution for every project.

Premier Railing®

The classic Victorian profile of Premier Railing combines the beauty and feel of real wood with the added strength of performance materials for a high-end look that endures.

RadianceRail®

With traditional smooth lines and invisible hardware, RadianceRail is available in five classic colors allowing you to mix and match posts, colors, and baluster options for a custom look.

RadianceRail Express®

Available in three color options with composite balusters. RadianceRail Express offers fewer installation steps with exposed brackets and routed baluster holes.

Trademark Rail™ & Reserve Rail®

Trademark Railing offers understated elegance, combining the classic clean lines of a traditional colonial profile with the promise of lasting beauty. Reserve Rail, boasting an extra-wide top rail and expansive caps, creates an impressive profile on porches, balconies, and large-scale decks for a lasting impression.

Trademark and Reserve Rail styles are only available in select markets.

Contemporary Rail

A modern rail profile with a continuous flat top rail is available in two colors and is compatible with all infill options.

Builder Rail

This modern rail profile is designed to work with a TimberTech® square-shouldered deckboard as a top rail. Available in two colors with glass infill or round metal balusters look.

Composite Rail

Aluminum Rail Styles

SLEEK AND STURDY

Featuring clear sightlines and minimalist styles, metal railing allows homeowners to enjoy their views. These premium, metal railings are a go-to for those seeking quality, performance, and sleek lines. Both options keep the views unobstructed while making a striking style statement.

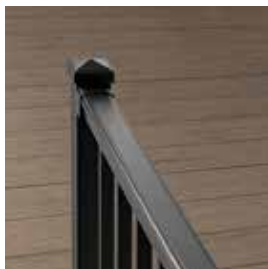

Impression Rail™

A sleek aluminum rail system in Black and Bronze with streamlined rectangular balusters and options for rail height and post style.

Impression Rail Express®

An aluminum panel system with a sleek style that resembles Impression Rail with a wider top rail and completely hidden fasteners. Gate kits and mid-rail options are available.

BLACK BRONZE

WHITE BLACK DARK BRONZE

DrySpace™

Ideal for second-story decks, DrySpace is an under-deck water management system. It collects and channels water away, expanding homeowners' usable outdoor space by keeping it dry.

Available in two colors, White and Bone, DrySpace lightens and brightens the area under the deck for a crisp, finished look. DrySpace is easily attached below new or existing decks. It is made of a solid, extruded vinyl for maximum strength, durability, and weather resistance. DrySpace also comes with a 25-Year Limited Warranty.

Pavers

BEAUTY AND BENEFITS THAT LAST

TimberTech offers three paver collections that are quick and easy to install and will enhance any outdoor space. Resurfacing Pavers are a beautiful, fast solution when updating flat roofs or decks, or when covering existing concrete patios or walkways. Choose Standard Pavers to create a new patio or driveway. Permeable Pavers, combined with an open-grade base, maximize water management by reducing runoff. All AZEK Pavers come with a 10-Year Limited Warranty and a Limited Lifetime Warranty against cracking in residential applications.

REDWOOD

BOARDWALK

VILLAGE

WATERWHEEL

Made in the USA, TimberTech Pavers come in five colors that can be arranged in any number of customizable patterns for outstanding curb appeal. We are proud to say TimberTech Pavers are made from up to 95% recycled materials. Since production began, this equals more than 1.5 million truck tires, and 49 million, gallon-sized plastic containers that won't wind up in landfills.

PROTECTIVE FILM ON TRADITIONAL TRIM

AZEK Protective Trim Film

AZEK Traditional Trim is a cellular PVC with a crisp white semimatte finish providing years of low maintenance for homeowners.

To ensure that it looks as beautiful on your homes as it does when it leaves our facilities, our Traditional Trim is now produced with a protective film.

AZEK Trim with protective film should be kept dry prior to installation. Do not expose film to direct sunlight for extended periods. Protective film can be removed prior to, during or immediately after installation.

AZEK TRIM FILM WILL BE ON THE FOLLOWING TRADITIONAL TRIM PRODUCTS

ADD DECORATIVE DETAILS WITH MOULDING

The 3-Plus-1 column wrap profile allows for easy one person installation, saving time and installation costs. Three connected panels and a fourth "locking" panel fit easily around a structural support with press fit seams and nicely finished corners. AZEK Column Wrap is available in the semi-matte traditional white finish.

Column Wrap & Moulding

AZEK Trim and AZEK Mouldings should be installed using the same good building principles used to install wood trim and mouldings and in accordance with the local building codes and the installation guidelines. AZEK Building Products accepts no liability or responsibility for the improper installation of this product.

AZEK Trim and AZEK Moulding may not be suitable for every application and it is the sole responsibility of the installer to be sure that AZEK Trim and Mouldings are fit for the intended use. Since all installations are unique, it is also the installer's responsibility to determine specific requirements in regards to each trim and moulding application.

AZEK Building Products recommends that all applications be reviewed by a licensed architect, engineer or local building official before installation. If you have any questions or need assistance, please call AZEK Customer Service at 877-ASK-AZEK (877-275-2935) or visit our website at AZEK.com.

AZEK® Moulding

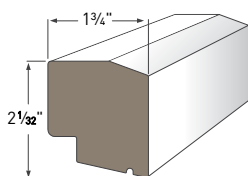

CREATE STUNNING DETAILS THAT LAST

Backed by AZEK's promise of high-quality and lasting performance, AZEK Moulding will retain a like-new appearance despite the tests of time and weather. Create decorative details using one of our moulding profiles or choose a combination of profiles to create a custom, elegant look.

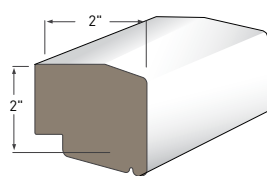

Detail and Sill/Drip Profiles

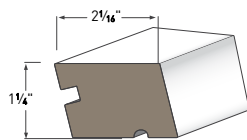

The AZEK drip cap can be used as a water table or brick ledge for separation and watershed against two different materials. AZEK's sill profiles shed water and offer architectural detail.

AZEK® Cortex®

Save time, money, and labor costs with Cortex for AZEK Trim. The only concealed fastening system that quickly and easily fastens AZEK Trim to your building project now comes in NEW collated strips. Minimize handling and save valuable time on the jobsite. The felt tip on the unique bit prevents surface marring while driving fasteners securely below the trim surface. Plugs made of AZEK Trim tap in for a clean, flush finish. No mess and or fading over the life of the project. Plus, Cortex fasteners offer a stronger connection than nails.

Cortex Benefits

- Fast and easy: eliminates the need to caulk, sand and paint each nail hole
- Plugs made out of same AZEK material as trim; eliminates fading or streaking
- Can be painted
- Guaranteed corrosion resistance for life of the project; ACQ approved

Fast Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 4-7 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/8". Requires Qwik-Mixer for easy mixing and dispensing.

Slow Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 15-25 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/2". Requires Qwik-Mixer for easy mixing and dispensing.

Cellular PVC Cement

Clear, contact-style adhesive bonds with PVC in a fast working time. Ideal for securing joints. Creates a powerful and reliable material bond with no sanding or scraping required. Use AZEK Cellular PVC Cement to connect trim when a tight compression is required, such as connecting trim end-to-end (scarf joints) and at corners (miter joints).

Fill & Flex

Use for expansion and contraction joints on PVC trim boards. Seals gaps around windows and doors. Slow curing, one-part, urethane-based sealant with high level of flexibility and elongation to absorb expansion and contraction from heat or cold.

PVC Trim Nail Eraser

Fills finish nail holes in PVC trim. White color perfect matches AZEK trim. Resists yellowing. .5 oz.

Adhesive Accessories

QUICK MIXERS
50 ml: AAD50MLSQM,
220 ml: AAD220MLQM

Required dispenser for Fast Cure and Slow Cure AZEK Adhesive products. The resin and catalyst blend together as they travel down the tube to the applicator tip. Ensures 1:1 ratio mix and provides easy adhesive application. 24 per pack.

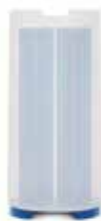

NAIL ERASER
Fills finish nail and brad holes in PVC trim board. Resists yellowing. .5oz

MANUAL 220 ML DISPENSING GUN
Its 26:1 mechanical advantage dispenses high and low viscosity adhesives with less user fatigue. Designed to maximize durability.

MANUAL 50 ML DISPENSING GUN
Made of highly engineered plastic to be lightweight and powerful. Easy loading breech provides secure cartridge fit.

50ML CAULKING GUN ADAPTOR
Tool adapter for caulking guns.

PLASTIC JOINING BISCUITS
Easy way to join, seal and finish PVC trim. 50 per pack
