PRODUCT COMPARISON

Asphalt roofs are temporary when compared to DECRA.

In an average lifetime, a homeowner will need to replace an asphalt roof at least two-and-a-half times.

With DECRA, there's no worrying about costly, unexpected expenses. Plus, DECRA's Lifetime Limited Warranty eliminates the hassle.

YOU'LL KNOW WHEN IT'S A DECRA ROOF

What is DECRA's warranty?

The best in the industry. DECRA roofs carry a Lifetime Limited Warranty, covering 120 mph winds, hail penetration for any size hail and manufacturing defects, including excessive granule loss. In addition, material and labor are covered for the first 20 years; after that time, material is covered for the remaining warranty period.

Can I get a discount on my homeowners insurance?

In many states, the Class 4 Impact Resistance rating can earn a discount on homeowners insurance. Ask your local insurance agent for details.

Is a DECRA roofing system more expensive?

A DECRA roof offers more value for your money. You would have to purchase and install two-and-a-half shingle roofs for the cost of one DECRA roof. Similar to most products you buy – you get what you pay for. A DECRA roof offers more for your money and can last a lifetime.

“The roof is amazing. I cannot believe the number of compliments I receive on it both from potential homebuyers and people just passing by.”
